Education

Georgia Institute of Technology, Atlanta, GA
M.S. in Human-Computer Interaction

Aug 2026 – May 2028
(Expected)

Birla Institute of Technology and Science (BITS), India
B.E. in Computer Science — GPA: 8.36/10.00

Oct 2022 – Aug 2026

Experience

Research Intern – Adobe Media and Data Science Research Laboratory

Feb 2026 – Mar 2026

- Designed experiments supporting social-scientific research through agentic hypothesis generation and validation.
- Developed data-driven personas to inform personalized image-generation experiences.

Research Assistant – BrainLENS Lab, University of Connecticut

Jun 2025 – Present

- Conducting mixed-methods research with 100+ participants, integrating behavioral and EEG data to investigate the relationship between reading anxiety and developmental dyslexia.
- Analyzing neural and parent-reported behavioral measures to understand how cognitive and emotional factors influence reading experiences.

Research Intern – Brain-Inspired Neural Networks Lab, BITS Goa

Aug 2024 – May 2025

- Designed a personalized medical diagnosis system emphasizing accessibility, interpretability, and user understanding.
- Organized the “Chatting About AI” forum to facilitate interdisciplinary discussions around AI and emerging technology.

Research Intern – Cognitive Neuroscience Lab, BITS Goa

May 2024 – Dec 2024

- Analyzed behavioral and self-reported data from 100+ participants in a memory retention study.
- Applied quantitative research methods to investigate human cognition and behavior.

Design Intern – Department of Humanities and Social Sciences, BITS Goa

Oct 2024 – Dec 2024

- Designed informational materials for volunteer groups supporting women’s welfare in rural India.
- Produced resources for mental health initiatives specific to postpartum women in economically affected communities.

Projects

Streamlining and Automating Data Export – Bravo17 (Industry-Sponsored Project)

Sep 2026 – Present

- Conducting contextual inquiry, user interviews, literature reviews, and comparative analyses to understand user work-flows, pain points, and needs related to data export and cleaning.
- Synthesizing qualitative research findings to identify opportunities and inform workflow and product design decisions.

Multilingual and Cultural Connection for Long-Distance Inter-generational Families

Sep 2026 – Present

- Conducting literature review, semi-structured interviews, and observation-based research to understand challenges in multilingual and intercultural communication among long-distance intergenerational families.
- Translating research insights into design opportunities through prototyping and iterative evaluation.

Skills

- Research:** User Interviews, Contextual Inquiry, Survey Design, Literature Reviews
- Programming:** Python, R, MATLAB, C++
- Design:** Figma, Canva

Leadership & Volunteering

Coordinator – Kala, The Fine Arts Club of BITS Goa

Aug 2023 – May 2024

- Led and coordinated a team of 40, overseeing planning, execution, and operations for club activities.
- Organized live painting events, exhibitions, and workshops by managing logistics, finances, and scheduling.

Volunteer – Abhigyaan, Education for All

Oct 2022 – May 2024

- Taught 5 underprivileged children science, English, history, and foundational computer science.
- Conducted education and career workshops in orphanages, emphasizing accessibility and inclusion.
